

Family Outcomes Surveys

The original Family Outcomes Survey (FOS) was developed and validated by the Early Childhood Outcomes (ECO) Center to assess five family outcomes and the helpfulness of early intervention. There were multiple versions of the original Family Outcomes Survey, some for parents of young children with special needs and some for parents of all young children.

In 2010, upon request from states, the ECO Center developed an updated version of the FOS for Part C programs. The Family Outcomes Survey-Revised (FOS-R): Part C was designed to better assist Part C programs in measuring family outcomes and determining the helpfulness of early intervention programs for federal reporting and program improvement purposes. The core concepts in the FOS-R remain the same as in the original FOS, with the addition of more detailed information to guide program improvement activities and a modified survey format. Both the original and revised versions have been translated into Spanish as well as additional languages. Special thanks to our colleagues in Texas, Minnesota, and Washington for assisting with these translations. The ECTA Center supports the use of both the FOS (2006) and FOS-R (2010). These tools have been tested to ensure sound psychometric integrity that can be used to document family outcomes and identify areas for program improvement. If a state would like to adapt these surveys, we encourage you to reach out to staff and the ECTA Center to discuss potential adaptations and implications for producing reliable and valid data.

For more information on the FOS, visit
<https://ectacenter.org/eco/pages/familysurveys.asp>

Please contact staff at the ECTA Center if you wish to adapt the survey:
<https://ectacenter.org/about/contact.asp>

The ECTA Center is a program of the FPG Child Development Institute of the University of North Carolina at Chapel Hill, funded through cooperative agreement number H326P220002 from the Office of Special Education Programs, U.S. Department of Education. Opinions expressed herein do not necessarily represent the Department of Education's position or policy.

Rezultati ispitivanja Porodica

Dragi Roditelji,

Hvala Vam na Vašoj spremnosti da završite Minnesota's Family Outcomes Survey (Rezultati Ispitivanja Porodica). Vaši odgovori su privatni i neće biti podijeljeni sa članovima IFSP tima Vašeg djeteta. U kombinaciji sa odgovorima drugih familija, Vaši odovori će biti upotrebljeni u svrhu jačanja programa za Ranu Intervenciju u Vašoj okolini. Svi odgovori od porodica iz cijele Minnesote će biti sjedinjeni i podnijeti U. S. Department of Education (U. S. Odjelu za Obrazovanje) kao pokazatelj jačine našeg Programa za Ranu Intervenciju širom države.

Marty Smith, Minnesota Department of Education

Upute:

Molimo Vas da na slijedećim stranicama zaokružite brojeve koji trenutno najboje opisuju Vašu porodicu. Ako izjava većim dijelom opisuje Vašu porodicu, ali ne u potpunosti, molimo Vas da zaokružite broj koji je manji od broja iznad izjave. Na primjer, ako izjava ispod 3 većim dijelom opisuje Vašu familiju, ali ne potpuno, zaokružite broj 2.

Primjetit ćete da odgovori uključuju riječ "mi". Ovo se odnosi na Vašu familiju. U redu je ako odgovorite samo u svoje vlastito ime (Vaše vlastito mišljenje ili iskustvo) ili kao familija koja dijeli isto mišljenje ili iskustvo.

Molimo Vas da popunjeno ispitivanje stavite u kovertu koja je pripremljena i pošaljite na slijedeću adresu:
