# Introduction

*Part C Updates* is a compilation of information on various aspects of the Early Intervention Program for Infants and Toddlers with Disabilities (Part C) of the Individuals with Disabilities Education Act (IDEA). It is the seventh volume in a series of compilations, which included two editions of Part H Updates, the former name of the program. Several items have been reprinted in their entirety from the original sources. The intent of *Part C Updates* is to collect, in a convenient format, a variety of resources that meet the information needs of state and jurisdictional Part C program staff, the Office of Special Education Programs of the U.S. Department of Education, and policy makers at all levels.

We welcome your feedback on the usefulness of the *Part C Updates*. States and jurisdictions are particularly invited to provide updated information to the editors or to the authors of individual documents.

<sup>1</sup> Number and percentage of infants and toddlers receiving early intervention services under Part C, Chapter 1 (for FY 1987 through FY 1994 only), and other programs as of December 1 of the Federal fiscal year. For example, for fiscal year 1991, 194,000 children were reported to be receiving services as of December 1, 1990.

<sup>2</sup> A combination of factors appears to account for the apparent decline in these child counts:

- Early inaccuracies, including duplicated counts in state data collection systems;
- Inclusion in earlier years of children received some services but did not necessarily have IFSPs; and
- In the count for 1993, the decline in the reported number of children served in several large states masked the reports from other jurisdictions of increases in the number of children served.

<sup>3</sup> Includes \$34 million to offset the elimination of funding for the Chapter 1 Handicapped Program.

<sup>4</sup> Sources: [www.ideadata.org](http://www.ideadata.org), updated as of July 31, 2004 (downloaded March 31, 2005).

<sup>5</sup> FY 2005 was level funded from 2004 but there was a .80% recession.
