

## Consortium Goals for the Future

- ◇ Identify and represent the interests of the IDEA 619 program at the national level through collaboration and coordination with 619 leaders , national and state early childhood partners;
- ◇ Strengthen and foster leadership in early childhood special education at the local, state and national level; and
- ◇ Promote quality services to ensure positive outcomes for children with disabilities, ages 3 through 5.

## Consortium Leadership Team

Cindy Brown, ME and Penny Dell, CO  
Co Charis

Barb Tkach, NJ, Past Chair

Danni McCarthy, MT, Vice Chair

Sherry Halley, NV Secretary

## Representatives

Valerie Bakken, ND

Shannon Dunstan, ID

Ruth Gallucci, RI

Jenny Giles, WI

Vivian James, NC

Janie Register, FL

Pam Reising-Rechner< IL

Lisa Wasacz, MI,

## Consortium of State IDEA 619 Coordinators

---

*Early Childhood  
Special Education*

*Serving and supporting  
children with disabilities,  
ages 3 through 5, and their  
families*

**2015-2016**

## *Who Are We?*

The Consortium of State 619 Coordinators is a national organization comprised of the state department of education policy leaders responsible for the Individuals with Disabilities Education Act (IDEA) Part B program for children, ages three through five, with disabilities.

## *Where Are We?*

There is an IDEA 619 coordinator in each state, outlying territory and federal entity. The IDEA 619 coordinators work for state educational agencies (SEAs).

## *History of the 619 Consortium*

The Consortium of State 619 Coordinators originated as an informal organization comprised of the 619 coordinators across the country with interests and responsibilities related to children, ages 3 through 5 with disabilities who receive special education and related services, and their families.

The Consortium of State 619 Coordinators elects one representative from each of six federally designated regions across the U.S. These representatives comprise the 619 Leadership Team.

## *Mission*

The Mission of the Consortium of State 619 Coordinators is to ensure that eligible children, ages three through five, with disabilities, are provided a high quality educational opportunity with age and grade peers without disabilities and which result in positive outcomes for each individual child.

Positive outcomes means that children, as a result of receiving special education, continue to grow and learn comparable to children without disabilities.
